Welcome

Everlasting Memorials is a family-run business that was established in 1986. Our pride lies in the fact that we are committed to a higher standard with regards to creating our team, making our products and delivering customer service. We will work with you regardless of your culture or religion and strive to pay attention to the smallest details of your requirements. Contact us today for more information about our services.

*Matthew From & Tristan Caswell
Owners, Memorial Consultant-Designers*

Matthew and Tristan have over 20 years of experience in memorial design and stonework and manage both our office and stone masonry shop. They live in St. Andrews with their three sons, as well as horses, cats, ducks, and a dog.

*Binh Huyhn
Stonemason*

One of the most important members of our team is our stonemason, Binh, with over 40 years international experience. He lives in Winnipeg with his wife Lin and children. Binh is one of the few stonemasons left in Canada today. His set of skills include carving and inscribing details -proof of his tremendous effort is apparent in his work. Binh, along with our design consultants, can take your ideas and create a fully-realized quality product.

*Wes Gregoire
Customer Service Management*

Wes has recently joined the team and brings a strong management background focusing on customer service. A father of two grown sons, Wes is relationship-driven and enjoys spending time at his cottage in Lac Du Bonnet with his wife Nancy.

Other Team Members

Our team continues to grow and diversify. New employees introduce innovative skills and experience, which adds to our high-quality standards embodied in our products and customer service. Whether over the phone, via email, or in person, we can assure you that you will interact with knowledgeable and professional representatives from our team at Everlasting Memorials.

In Remembrance:

Stefan Sidgurdson

Former Memorial Consultant and Designer

Stefan was a proud Canadian and loved Manitoba. He worked in many different industries, and brought a lifetime of customer care and service knowledge to our team. He is dearly missed by all who knew him.

With the loss of a loved one comes many decisions. All of these decisions are equally important, but few will have as long-lasting of an impact as the way you choose to honour your loved one. The memorial you choose will mark a special place of remembrance and mourning, and will endure for decades to come.

Selecting a memorial is unfamiliar to most people. There are a wide ranges of options, and making a decision may seem overwhelming. We are here to help ease the process. We are experienced memorial designers and can provide an understanding of cemetery permits, rules, and regulations. Choosing a memorial for your loved one is difficult, and many people prefer to choose a memorial in the comfort of their own home. It is for this reason that our team travels all over Manitoba to provide in-home service to our clients. We are also available for free consultations and look forward to meeting you, either in the comfort of your home or at our Main Street office in West St Paul, Manitoba.

We offer the highest quality granite and bronze. We promise to provide you with a premium product, whether it is a simple vase, or a custom monument. We have a timeless guarantee of quality on all of our products, and look forward to serving Canadians for generations to come.
